

## Perfectly fit LED ceiling panels

### Flexibility

Our panel series are design to fit any standard type of false ceiling (600mm x 600mm per module). Also, the white light in our LEDs are perfectly customizable to needs of its user. Be in neutral white or cool white, the size of the panels. It isn't an issue to us.

### Healthy & comfortable

LEDs do not emit infrared radiation or harmful UV rays. Therefore they can be installed near people and materials, and in tight spaces where conventional sources could be dangerous. Also, LED fixtures produces minimum heat and makes people below them more comfortable.

### Applications:

- Office Applications
- School & Classrooms
- General Lighting

### Model:

- NX-PL-30W-01: Linear Type
- NX-PL-30W-02: Batten Type
- NX-PL-30W-03: Diffuser Type
